

Aisha Verma

Senior Frontend Engineer

aisha.verma@email.com · +91 98765 43210 · Pune, India · linkedin.com/in/aishaverma

SUMMARY

Frontend engineer with 6 years of experience building performant, accessible web applications. Led the frontend rebuild of a fintech dashboard used by 50,000+ users, with a strong focus on component architecture, state management, and load-time performance. Comfortable owning features end-to-end and mentoring junior engineers.

SKILLS

React · TypeScript · Next.js · Tailwind CSS · Redux · REST APIs · GraphQL · Jest · Git · CI/CD

EXPERIENCE

Senior Frontend Engineer — Finlytics Pvt. Ltd.

Pune, India · Jan 2022 – Present

- Led the frontend rebuild of the core analytics dashboard, reducing average page load time by 40% and improving Lighthouse performance scores from 62 to 94.
- Designed a shared component library adopted across 3 product teams, cutting new feature build time by roughly a third.
- Mentored 2 junior engineers through structured code reviews and pairing sessions.

Frontend Engineer — Bright Retail Tech

Pune, India · Jun 2019 – Dec 2021

- Built and maintained customer-facing storefront features used by over 200,000 monthly active users.
- Migrated a legacy jQuery codebase to React incrementally with zero downtime.
- Collaborated closely with design to implement a new accessible checkout flow, improving conversion by 8%.

Frontend Developer Intern — Bright Retail Tech

Pune, India · Jan 2019 – May 2019

- Built internal admin tools using React and REST APIs during a 5-month internship.

EDUCATION

B.Tech, Computer Science — VJTI Mumbai

2015 – 2019
